IDIOMS

English: fluency

HOBBIES

In my free time I like to play guitar and drums. I'm also interested in cycling . I enjoy woodworking and practicing survival skills.

PROFESSIONAL EXPERIENCE

Opwell – 2024

Currently working as a Senior Software Engineer at Opwell, an innovative startup focused on the Industrial market. We develop AI products to help this vast market enhance its efficiency and observability.

IBM — 2021 - 2024

Worked as an **Engagement Leader** and **Full-Stack Developer** on IBM Brazil's innovation team. Developed and presented **POCs and technical assets**, making complex concepts more tangible for **executive users, external partners, and internal departments**.

Gained hands-on experience with **cloud platforms** while actively engaging in **day-to-day development tasks**, utilizing **Git, Docker, and MERN stack solutions** to build and deploy innovative applications.

IFCO — 2020 - 2021

Worked as a **Finance Intern**, handling **account reconciliation** and preparing **daily executive reports** on accounts receivable (AR) status. Maintained direct contact with customers to manage **collections of overdue payments and protest delinquent accounts**.

During this period, I deepened my knowledge of **Excel**, including **macro programming and process automation for financial operations**.
